TO OUR NEIGHBORS, FRIENDS, & FAMILY
ALL ALONG THE WASATCH FRONT!**

Did you know...?

- Radon is linked to more than 20,000 lung cancer deaths per year!
- Radon is a naturally occurring radioactive gas that gets into your home or business through cracks in the foundation, windows and other openings.
- Radon is colorless, odorless, tasteless.
- Radon induced lung cancer can be prevented.

Salt Lake City 2011 Capitol Steps to Radon Action

Capitol Steps to Radon Action is organized by Cancer Survivors Against Radon (CanSAR) a non-profit organization dedicated to preventing radon-induced lung cancer and saving lives through education and awareness and local citizens concerned about Utah's radon education and exposure. Contact Travis Jewell at 847-309-1703- or Valerie Pedigo @ 801-750-3224 for more information on the Utah Capitol Steps event.
